
Django PostcodeLookup Documentation

Release 0.4.0

Michael van Tellingen

Feb 27, 2019

Contents

1	Installation	3
2	Usage	5

Pluggable postcode lookup endpoint

CHAPTER 1

Installation

```
pip install django_postcode_lookup
```

CHAPTER 2

Usage

Add the following to your `urls.py`:

```
url(r'^postcode-lookup/', include('django_postcode_lookup.urls')),
```

Add a setting with the required backend

```
POSTCODE_LOOKUP_BACKEND = 'django_postcode_lookup.backend.webservices_nl'
```
